**Dear Brothers ,,,**

The Kingdom of Saudi Arabia, since its unification at the hands of the founding king (may Allah have mercy on him), has always extended its support and assistance to needy societies and nations, and based on its human and pioneering role and its sense of alleviating the suffering from human beings, in order for them to live a decent life, it provides assistance away from any inhuman motives, and has spent a large part of this support throughout history and has become a leading supporter of humanitarian work, especially the refugees. Saudi Arabia has been keen to supporting United Nations appeals in various areas, particularly in emergencies and disasters. From this point, the Kingdom of Saudi Arabia in 2015 established the King Salman Center for Relief and Humanitarian Action to be an international center dedicated to relief and humanitarian work. The Center coordinates and consults with reliable international organizations and bodies and implements all standards of International relief programs, to ensure that aid reaches its beneficiaries and of high quality.

Dear Audience ,,,

~~I am happy today to announce ,...~~

As we applaud and appreciate the role of His Excellency President Yoweri Kaguta Museveni for his efforts, his Government and the people of Uganda for the good hospitality and assistance of refugees, we also appreciate the partnership with all international, regional and local organizations in this area.
